Dear GHS Families,

The district was contacted by the State Police this evening concerning a credible incident of a child being approached in Andover Borough this afternoon. Shortly after getting off the bus, a child was approached by a male in a Black Saturn sedan who asked if he wanted a ride home. The child declined, and the car left the area. The male is described as caucasian, in his twenties or thirties, with brown/red hair, and a full bushy beard.

Thank you for your attention to this matter.

Best,

Jennifer E. Thompson
